Course Synopsis:

Introduction to Hairdressing (Applied Skills) – Hairdressing 11C is the second of seven courses in a comprehensive Hairdressing Program designed for grade eleven and twelve students (male and/or female) who have a serious interest in exploring hairdressing as a viable career choice. Upon successful completion of the six learning units of **Hairdressing 11C**, students will have a firm grounding in the applied skills of basic hairdressing including: Establishing a Professional Image; Salon Ecology (Hygiene, Bacteriology and Sanitation); Hair Services (with an emphasis on draping and performing shampooing/conditioning/scalp massage); Introduction to Hair Cutting; Hair Design Decisions (facial analysis); and Introduction to Hair Styling (curl formation using blow-drying, irons, and rollers and basic comb-out styles).

Organizational Structure:

This entire SD #73 Career Preparation Trades Program is comprised of a total of seven hairdressing courses. All eligible students may enter this Career Program in either grade 11 or grade 12. Students will be expected to complete all seven Hairdressing courses in the order in which they have been laid out in this document. These seven will meet the requirements of the grade eleven and twelve elective courses required for graduation by the British Columbia Ministry of Education, including 120 hours of salon work experience (for full credit as an additional program course). Students enrolled in the Hairdressing Program must achieve 75% of higher on all Hairdressing Program Theory courses and 80% on all Hairdressing Program Practice courses in order to qualify to challenge the CIABC certification examinations. **Students enrolled in this program must also complete all other grade 11 and 12 academic course BC Ministry of Education graduation requirements.**
